20th February 2023

*Head of Attachments Program
Human Resources Department
Kenyatta National Hospital
Hospital Road
Nairobi*

Dear Sir/Madam,

My name is Jane Mutua and I am a final year Bachelor's Degree student pursuing Nursing at the University of Nairobi. I am writing to formally request consideration for a nursing student attachment position with the Pediatrics Department at Kenyatta National Hospital.

I have a strong passion for pediatric care, especially neonatal health, stemming from my volunteer work at a local children's home. Through my nursing coursework, I have developed expertise in areas including Pediatric Nursing, Growth Development, Child Psychology, and Vaccination Administration. I previously completed a 2-month attachment on the Neonatal Unit at Coast General Hospital where I gained valuable hands-on experience caring for critically ill newborns.

I am particularly interested in attaching with Kenyatta National Hospital because of the wide scope of pediatric specialty experience I would receive. Friends who have completed attachments at KNH have raved about the supportive learning environment and clinical exposure. I appreciate your hospital's holistic, family-centered care philosophy and am eager to learn from your talented pediatric nursing team.

My schedule is very flexible, and I am available for full-time attachment duties starting in June 2023 after completing my exams. I am ready to fully commit myself to engaged participation, learning, and contributing during my time at KNH. Please advise me as to the next steps in the application process. I have attached my CV, academic transcript, and a letter of recommendation as required.

Thank you in advance for considering my attachment application. This would be an invaluable opportunity to refine my nursing skills and learn from the best pediatric team in the country. I can be reached at 0721-345-678 or jmutua@students.uonbi.ac.ke to discuss this further and look forward to hearing from you.

Sincerely,

Jane Mutua
